Utah Jazz Media Information

PRESS/PHOTO CREDENTIALS - All media members covering the Jazz and the NBA are asked to contact Kim Turner or Mark Kelly at the Utah Jazz for credentials. All passes (both press and photo) are issued on a priority basis to major local and national media. Members of the media with NBA passes are asked to contact the Jazz to ensure seating and appropriate accommodations when covering an event in the Delta Center. Deadline to contact the Jazz for credentials prior to games is 6 hours prior to game time. Freelance reporters must provide the Jazz with story assignment information prior to receiving credentials.

PRESS ENTRANCE - The Delta Center has a special press entrance located at the southwest end of the building (service entrance). All members of the media who are picking up credentials and have been issued a parking pass, must enter at the Press/Service Entrance. Media with season passes may also enter at the ticket lobby on the second level of the Delta Center and access the press room by stairwell #3. No access will be allowed through public doors. Media members who have not been granted a parking pass may pick up credentials in the ticket lobby on level 2, off the entrance from South Temple and 300 West.

PRESS PARKING - The Delta Center has limited press parking in the back lot near the Press/Service entrance. A press pass does not include parking as we generally have more requests for passes than parking spaces. Parking passes will generally be granted to those individuals who have the greatest need. You must be on the parking list and must receive approval from the Jazz PR department in order to park in the back lot.

PRESS ROOM - The press room is located on level #1 at the northeast end of the building. Only members of the working media with passes for the game are admitted to the press room. The press room is located next to the Jazz locker room and a few hundred feet from the visitor's locker room. The press room serves as both a dining and working area during the regular season. Additional press areas will be available during the playoffs.

PRESS SEATING - A majority of press seating is located courtside behind the scorer's table and can be easily accessed through the tunnel to the left of the press room. Additional seating when needed will be located at the concourse level. Radio and TV broadcasters will be seated at the courtside level for all games.

BROADCAST TELEPHONE LINES - For broadcast telephone lines and equipment, please contact Janet Roberts at the Utah Jazz (801) 325-2500.

TELEVISION CAMERA LOCATIONS - Television camera locations are available in approximately 16 different areas in the building. For more information on camera locations, contact Brian Douglas at the Utah Jazz offices.

INTERVIEWS - Players and coaches are available for interviews prior to and after the games according to NBA guidelines. Practice sessions are held at Westminster College (1840 South 1300 East) in Payne Gymnasium on non-game days and at the Delta Center on game days. Please contact the Jazz office to confirm location and times.

NBA Community Relations

The NBA, its teams and players share a commitment to supporting programs dedicated to improving the quality of life for all people.

For years, the NBA has created and implemented programs league-wide to address important social issues, with special emphasis on helping young people. This year's youth based education programs will include: the NBA Stay in School program, created to encourage students to graduate from high school through school visits by NBA players and coaches; and conflict resolution workshops designed to train teachers and educate students in methods to resolve conflict without resorting to violence. Public service announcements and educational materials will also focus on anti-violence/conflict resolution message.

The NBA continues its support of CARE, the National Committee to Prevent Child Abuse and Special Olympics through television and radio public service announcements and other awareness-building efforts. The NBA also creates PSAs in honor of Dr. Martin Luther King, Jr. and Black History Month each year.

In addition, the NBA's 29 teams are making a difference, across the United States and Canada, through active involvement in a multitude of outreach efforts pertinent to the needs of their respective communities.

Utah Jazz Community Relations

The Utah Jazz have traditionally been one of the most active teams in the NBA in regards to involvement in community activities. Since the move to Utah from New Orleans in 1979, the players, coaches, front office and wives have been heavily involved in helping raise both money and public consciousness for numerous charitable and public service causes in the Intermountain West.

The Jazz endorse the social vision of the Larry Miller Group of companies, focusing on events and activities that promote children and youth issues with a special emphasis on health and education. The strength of that commitment is reinforced by Jazz programs such as Jr. Jazz, Sure Shot, Jazz and Geography, Super Sports Club and donations of thousands of game tickets to charitable groups each season. The team also endorses the community relations commitments of the National Basketball Association.

Besides activities sponsored by the franchise, members of the organization give time and resources to private causes, ranging from child abuse prevention to work with senior citizens. Few teams are represented better in the community by the players and officials of the Utah Jazz.

It doesn't get any better than this

Larry H. Miller
Owner

The name Larry H. Miller has become synonymous with Jazz basketball in Utah.

The ownership of the Utah Jazz has been in the capable hands of Miller for 10 years now, during which time the team has experienced unprecedented success both on and off the court. Miller's leadership has helped set the standard for excellence both on the basketball and business sides. His personal commitment to professional sports in Salt Lake City has been the catalyst to building a strong NBA franchise in the league's smallest market and made the dream of major league sports in Utah a reality.

The commitment to that dream was first evidenced in the spring of 1985 when he purchased a 50 percent interest in the franchise from then-owner Sam Battistone. A little over a year later, Miller bought the remaining portion of the franchise, saving the team from a possible move out of state and Utah from losing its only major league sports franchise. Under his direction, the team has taken important steps in retaining the services of key players, solid coaching and a competent front office staff. The building of a new, privately-owned, 21,000 seat arena in downtown Salt Lake City in record construction time in 1991 punctuated his desire to keep Salt Lake City in the NBA.

A native of Salt Lake City, Miller is the owner of the Larry H. Miller Group, a network of automobile dealerships in Utah, New Mexico, Colorado, Arizona and Oklahoma, as well as several other related businesses. He began in the auto industry working in the parts business in both the Salt Lake and Denver areas and acquired his first dealership in 1979. Throughout his career, Miller has built an impressive record of sales and customer service. In 1993, Miller purchased a Salt Lake independent television station, Channel 14, and renamed it KJZZ. The station carries the Jazz plus University of Utah football, basketball, and gymnastics, as well as other family oriented programming.

He believes in a "hands-on" approach to business and is actively involved in all aspects of each of his endeavors, from his dealerships to the Jazz and the Delta Center. It is not uncommon to see him on the showroom floor, in the service bay or at a Jazz practice session. As an indication of his energy and drive to succeed, he was honored in 1990 by the American Import Auto Dealers Association and *Sports Illustrated* as one of the top import dealers in the nation. In 1991 he was awarded an honorary Ph.D degree from the University of Utah and has received honorary doctorate degrees from Utah Valley State College and Salt Lake Community College. He also has been honored by business, civic and non-profit organizations numerous times over the past 15 years. Larry is an active community leader and because of his experience in building the Delta Center, was asked by Salt Lake Mayor Deedee Corradini to serve as the construction manager for a new baseball stadium in Salt Lake City, *Franklin Quest Field,* which was completed in the spring of 1994. *Franklin Quest Field* is now home for the Triple-A Salt Lake Buzz of the Pacific Coast League.

Miller's interest in competitive sports is not limited to the basketball court. In fact, for many years prior to his involvement with the Jazz, Miller participated in fastpitch softball and was one of the top pitchers in the nation. In 1992, Larry was honored by the International Softball Congress when he was inducted into the ISC Hall of Fame. He hung up his glove only recently as the pressures of his businesses and a desire to spend more time with his family consumed more of his time, but he still continues to sponsor several teams, including national fastpitch softball powerhouse Larry H. Miller Toyota, which finished second last summer at the ISC Nationals.

A devoted family man, he and his wife Gail are the parents of five children, four sons and one daughter, and have 10 grandchildren. The Millers reside in the Salt Lake suburb of Sandy.

R.D. Frank
Chief Operating Officer - Larry H. Miller Group

R.D. (Bob) Frank joined the Larry H. Miller Group in October, 1993. Prior to that he was Vice President-Chrysler Canada with Chrysler Motors Corporation. A graduate of the University of Missouri, with a major in economics, he is a long time friend and business acquaintance of Larry Miller. His experience in the retail automobile business, along with with respect for Larry's community spirit, led him to join the Larry H. Miller Group after years of following its growth.

Bob's company involvement includes management of all aspects of Larry H. Miller Group business, including sports, entertainment, and automotive.

Bob's hobbies include antique collecting, golf, and travel. He and his wife, Beverly, live in Salt Lake's Holladay area and are the parents of two grown daughters who live in Denver and Chicago.

Tim Howells
General Manager

Tim Howells is currently in his seventh season as the team's general manger after joining the Jazz during the summer of 1989. Howells is responsible for overseeing the day-to-day operations of the club, both on the basketball and business sides.

Howells is a 1968 graduate of the University of Utah with a degree in history. Following his graduation Tim joined Howells, Inc., a family-owned paint and wall covering business headquartered in Salt Lake City, where he served as vice president and co-owner.

In 1982, Tim left the company to pursue private business ventures, including investments and commercial real estate. As a local business leader, Howells was a charter member of the Jazz 100 Club, a group of Salt Lake Area business persons who have helped advise management since 1985. Prior to his involvement with the 100 Club, Tim was a Jazz season ticket holder and avid fan of the team, dating back to 1979 when the Jazz moved to Utah from New Orleans.

An active member of the community, Tim has served on the boards of several non-profit organizations, both in the Salt Lake Area and Sandy, where he makes his home. He currently is on the boards of Blue Cross and Blue Shield of Utah, the Salt Lake Visitor's and Convention Bureau, and the Children's Justice Center. He and his wife Patty are honorary board members of the Utah Chapter for the Prevention of Child Abuse and are helping the Children's Justice Center build a new facility in West Jordan. Tim is also involved in the United Way of Great Salt Lake Area's"Success by Six" program, serving on the Blue Ribbon and Public Awareness committees. He has been active in Rotary throughout his business career.

Tim and his wife are the parents of four children — Chris and wife Katherine, Patrick, Amy, and Timmy.

Frank Layden
President

One of the NBA's most colorful and respected personalities, team president Frank Layden been a major contributor to the success of the Utah Jazz since the franchise arrived in Salt Lake City in 1979. His current duties have him involved in the day-to-day operations of the club , including player personnel moves, public relations, marketing and broadcasting. His input also comes as a member of the Jazz management committee.

The NBA part of his career began with the Atlanta Hawks as an assistant coach in the late 1970's. He was named General Manager of the Jazz on May 9, 1979, almost exactly one month after then team co-owners Sam Battistone and Larry Hatfield announced plans to move the franchise from New Orleans to Salt Lake City. He added the role of head coach to his G.M. duties on December 10, 1981, and went on to post a 277-294 won-lost record over six-plus seasons, the second best coaching mark in franchise history. During his time as head coach, his teams finished .500 or better five consecutive times and earned a berth in the play-offs five straight seasons, winning the Midwest Division Championship in 1983-84 and earning him NBA Coach of the Year honors that season. He also coached the Western Conference All-Stars in 1984. He retired from the demands of coaching on December 9, 1988, NBA Executive of the Year honors and the J. Walter Kennedy Citizenship Award are among the other honors bestowed upon him.

Frank's coaching career began as a prep coach on Long Island. He went on to become athletic director and coach at Dowling College in Oakdale, NY, then assumed the athletic director and head coach duties at his alma mater, Niagara University, in 1968. He compiled a 119-97 record in eight seasons with the Purple Eagles, including one NCAA post-season appearance and two trips to the NIT.

The move to the front office has allowed the Jazz the luxury of using the team's most nationally prominent figure to promote the club not only locally, but also across the nation. Since leaving the bench he has logged thousands of air miles giving motivational and humorous speeches. His quick wit and seasoned wisdom make him a much sought after speaker nationwide and he regularly makes appearances at colleges and universities. Frank's lecture journeys have taken him throughout the United States and overseas, putting on basketball clinics and serving as the Jazz official goodwill ambassador.

At home, Layden is part of the Jazz broadcast team as an analyst during halftimes, adding his insight and knowledge to the broadcast team. He also serves as a color analyst on University of Utah basketball and football telecasts on KJZZ-TV. In 1990-91, he worked on the NBA Radio Network broadcasts and has starred in two NBA video productions; "Dazzling Dunks and Basketball Bloopers" and "More Dazzling Dunks and Basketball Bloopers".

Extremely active in the community, Frank and his wife Barbara's support of worthwhile community causes is second to none in the Salt Lake area. According to Layden, this involvement is just his way of giving back to a community that has given him and his family so much. He holds honorary degrees from Westminster College in Salt Lake City and from his alma mater, Niagara University.

NBA Playoff Format

A total of 16 teams qualify for the NBA playoffs — the four division winners and the next six teams in each conference according to their won-lost records (regardless of division). The First Round is best-of-5 and each round after that, including the NBA Finals, is best-of-7.

In every series the home court advantage in the extra game goes to the team with the better record in the regular season, regardless of its standing in the division race. For example, if a division winner plays a second place team from another division that had a better record, the second place team would get the home court advantage.

In determining the playoff matchups, the eight qualifiers in each conference must first be ranked. The division winner with the best record becomes Team 1, the other division winner becomes Team 2, and the remaining six qualifiers are ranked 3 through 8 according to their records. The playoff pairing for the First Round are teams 1-8, 2-7, 3-6, and 4-5 in each conference. In the Conference Semifinals, the winner of teams 1-8 plays the winner of teams 4-5 and the winner of teams 2-7 plays the winner of teams 3-6.

The NBA Finals will be played in a 2-3-2 format, with the team with the better regular season record getting the home court advantage for the first two and last two games. In the event the NBA finalists have identical records, the tie-breaking procedure will be as follows: the first tie-breaker will be the Eastern Conference team's record against the Western Conference team's during the regular season. The second tie-breaker has the Eastern Conference team measured based on its record against the Western Conference, with the Western Conference measured based on its record against the Eastern Conference. The team with the best win percentage gets the advantage.

The best-of-4 First round is played 2-2-1 and best-of-7 series series will be played 2-2-1-1-1.

Playoff Eligibility

Each team must submit a list of 12 players eligible to compete in playoff games by midnight on the final day of the regular season.

A player waived after midnight, March 1, and later signed is ineligible to participate in playoff games unless his team's roster is reduced to eight players due to injury or illness. However, players who have not been waived after that date and are later signed as free agents are eligible for the playoffs.

Teams must have at least nine players eligible, dressed for, and able to play in playoff games. Should a team roster be under nine due to injury or illness, it must seek permission from the NBA Commissioner to add a ninth player.

If a team contends the application of the above rules causes it extreme hardship, the Commissioner — upon application of the team — has the power to permit changes in the rule on injuries.

There is no Injured List for the playoffs. Rather, each playoff team must designate the 12 players eligible for the playoffs from all of its regular season lists (Active, Injured, Suspended). Players not designated for playoff eligibility need not be waived.

The Jazz finish with a franchise-best 47-35 record, closing the year on a five-game win streaking. The team also sets records for most wins at home with 33, while selling out 39 of 41 regular-season games at the Salt Palace and all five in the playoffs. John Stockton and Mark Eaton are selected to the team by the coaches and both have impressive games, Stockton finishing second to Malone in MVP voting. The Jazz enter the NBA post-season heavily favored to challenge the defending NBA Champion Lakers for the Conference Championship, only to lose the chance by dropping the first three games of the first round to the Golden State Warriors. 1995-96 Utah Jazz Radio / TV

All Jazz games are broadcast over the Jazz radio network, originating from flagship station SportsRadio 570 (KISN) in Salt Lake City. Rod Hundley calls all the play-by-play action. The Jazz are televised throughout the season both on KJZZ 14 in Salt Lake City and on the Prime Sports cable network. Hundley is joined on all broadcasts by Ron Boone.

SportsRadio 570 and most members of the network stations also carry JazzTalk and SportsTalk, hosted by Dave Blackwell. JazzTalk is a regular feature prior to and after every game, both on the road and at home. SportsTalk airs from 4:00-7:00 p.m. Monday through Friday on non-Jazz game nights. Ron Boone and Steve Klauke join Blackwell for JazzTalk and SportsTalk broadcasts.

Steve Brown and Frank Layden host Jazz halftimes on TV. Rob Howell is the reporter.

WHY GENE GOBLE SHOPS AT AUTOZONE.

In Normal, Illinois, Gene Goble is popular with folks who need their car fixed. He does good work, and, he doesn't charge an arm and a leg. Because when he needs auto parts, Gene buys a lot of them at AutoZone.

You see, the prices are low every day at AutoZone, so a lot of good mechanics like Gene just pass the savings on to their customers. Plus, they can still get the best quality parts.

But in some ways, Gene's like the other two and a half million customers who shop with us each week. And he knows that when it comes to getting the right part for the right price, there's just no place better than AutoZone.

AutoZone®

THE BEST PARTS IN AUTO PARTS.

IT STARTED WITH A FRUIT BASKET

In 1891, Dr. James A. Naismith nailed a fruit basket to a gym wall. Sports fans have been nuts for basketball ever since. At ZCMI, America's First Department Store, we know about humble beginnings. In 1868, Salt Lake City was becoming the commercial hub of the inland west. With goods scarce in the burgeoning city, prices soared. Pioneer leaders proposed a cooperative plan to supply the community's needs at reasonable prices. On October 15, 1868, ZCMI opened. From this modest beginning ZCMI has grown to one of America's premier department stores with 3,000 of the finest brand names in fashion and home furnishings. Visit our historic flagship store at 15 South Main, downtown Salt Lake City.

We even carry fruit baskets.
